SALICYLIC ACID.

Salicylic acid is an organic acid. It has powerful antiseptic qualities, prevents the souring of beer, also the development of bacteria contained in fluids. Applied externally it will remove corns and warts.

TAKEN INWARDLY salicylic acid rapidly lowers the bodily temperature, reduces the pulse rate, blood pressure, and rapidity of respiration; some people being peculiarly susceptible to its action.

The Board of Health has condemned all beers containing salicylic acid. Among those proved to be free from this adulterant was the **OLYMPIA BEER**, sold by Larry Dee of the Hoffman Saloon.
